Overview

This document sets out the Initial Approval fees that are charged to new applicants for FireQual Approval and the renewal of Approval for existing FireQual Approved Training Centres for the delivery of FireQual Regulated Qualifications, Recognised Training Programmes, and/or Approved CPD Courses. It does not set out the related product and services fees associated with their delivery or assessment.

The delivery and assessment fees associated with the FireQual products including all service-related fees are listed in the following document, which can be found on the FireQual website ATC walled garden area:

FireQual Products and Services Fees 2026-2027 v1.

All fees in this document are exclusive of VAT which FireQual will apply at the time of invoicing unless an Applicant or an Approved Training Centre has previously declared and provided evidence of an exemption.

Invoices should be paid within 30 days of the invoice date. The invoices will show the charges for the Approval services that have been provided by FireQual and any additional charges that may relate to postage and packing (P&P), travel etc.

Invoices will be sent to the Finance contact as notified by the Applicant or the Approved Training Centre's nominated point of contact if no separate individual has been identified.

It is important to keep FireQual updated of any changes to the Finance contact to info@firequal.com, to avoid any delays and resulting disruption to the delivery of services.
