Recognised Training Programme Fees

Recognised Training Programmes (RTPs) are designed for roles where undertaking a programme of learning is either required or considered best practice, but where:

- A Regulated Qualification is not required or the subject matter is not suitable for regulation, or

- FireQual does not currently offer a Regulated Qualification in the relevant subject area.

Once FireQual introduces a Regulated Qualification in the same or a closely related Fire Safety Sector subject area, any existing Recognised Training Programme will be phased out, and only the Regulated Qualification will be available.

Upon candidate registration, a registration fee will be invoiced to the Approved Training Centre, with payment due in accordance with 30 day payment terms. This fee covers registration and any certification.

FireQual supports this by offering certification to confirm individual attendance through its CPD Course Approval route.

Upon confirmation of delivery of an Approved FireQual CPD Course, FireQual will issue CPD certificates to successful attendees.

A fee, inclusive of registration and any certification, will be invoiced to the Approved Training Centre, with payment due in accordance with 30 day payment terms.
